<p>DECLARATION: I,being the captor and the member of the above club, declare that I caught and released the Fish of kgsgms, orlbs.....oz which I wish to be registered for the conservation cup. This was caught in accordance with the Rules relating to the conservation cup whilst using not more than 2 rods with not more than 3 hooks or two penell rigs between the 2 rods. And agree that the club may publish any photo/photo's sent in; any media they wish (i.e. Web site, Magazines).</p> <p>SIGNED..... DATE.....</p>			

CONSERVATION CUP RULES:

1. The fish must be caught by fair means on rod and line from the shore or boat within club water limits.
2. To be eligible the fish must be weighed and returned alive immediately.
3. The name of a witness is required or if no witness available you must photograph the fish with a match measure lying alongside the fish and the photo submitted with this form.
4. The club will request that the scales you used be verified against the club scales unless your scales are certified and you produce certificate upon request.
5. The person with the heaviest specimen fish will determine the winner of the cup for shore and boat.
